

**MOBILITY FUNDING UNDER ERASMUS+ PROGRAMME: MOBILITY
WITH PARTNER COUNTRIES IN THE ACADEMIC YEAR 2018/2019
AND 2019/2020**

1. The University provides funding as an individual grant contribution and travel grant to the participant selected in the recruitment procedure at the following rates:

	Individual grant contribution (towards subsistence costs in host country)	Travel grant
Student mobility from partner countries to Poland	800 EUR per month	As per distance calculator*
Student mobility from Poland to partner countries	700 EUR per month	As per distance calculator*

2. Students/Ph.D. students are also eligible for travel grants. The amount of the travel grant depends on the distance, which the participant must travel from mobility origin to mobility destination. To calculate the distance, the University uses the online tool on the EC's website:

*http://ec.europa.eu/des/education_culture/tools/distance_en.htm

Travel grant will be provided at the following rates:

Distance from origin to destination	Rate
od 10 do 99 km	20 EUR
od 100 to 499 km	180 EUR
od 500 to 1999 km	275 EUR
od 2 000 to 2 999 km	360 EUR

od 4 000 to 7 999 km	820 EUR

3. The total mobility grant is arrived at by multiplying the number of months by the rate applicable to a given country. In the case of an incomplete month, the grant amount will be calculated by multiplying the number of days in the incomplete month by 1/30 (one thirtieth) of the grant amount.
4. It is not possible to decrease or increase the level of grants within the same project to the amount announced by the National Agency.
5. Participants will receive 90% of the grant amount stipulated in the agreement. Submission of an obligatory individual on-line EU survey will be treated as the participant's application for the payment of the remainder of the grant amount.
6. The University guarantees payment of grants for the maximum period stipulated in the agreement.
7. If the mobility period confirmed by the host institution is shorter by more than 5 days compared to the period stipulated in the agreement, participants will be required to **reimburse** the grant amount proportionally.
8. If the mobility period confirmed by the host institution is shorter by exactly 5 days or less compared to the period stipulated in the agreement or in an annex to the agreement, participants will not be required to reimburse any part of the grant amount.
9. The total mobility period abroad (mobility capital) at a given study programme under Erasmus+ may not be longer than 12 months and 24 months in the case of one cycle five-year study programme.
10. It is not possible to extend the mobility period.
11. The University reserves the right to amend the principles governing mobility under Erasmus+ programme following decisions made by the European Commission and the Erasmus+ National Agency during the mobility period.
